[Animas_SiteFigures.zip](#)

Hello John and Dan,

I have updated figure 3 to reflect the changes in sample ID nomenclature. Although the changes only affected Figure 3, I am sending all 4 figures again so they can be kept together. These changes have also been forwarded to Steve Auer for inclusion in the Upper Animas SAP. Please let me know if you have any questions.

Thanks,

Ryan M. Bahnfleth

Subject: RE: Draft Animas SAP Figures

Hi John and Dan,

Attached are the Animas Site figures. The Site figures have been updated with the most current sample location nomenclature and have been updated with smelter locations. Please review when you have time. I will work with Steve Auer to transition these Site figures into SAP figures with updated figure numbers. Feel free to call or write with any questions.
